

LEATHER POLISH

This product will create a soft, shiny finish to the leather surface. It is ideal for leather articles in which a higher shine is desired, including furniture, saddles, equestrian tack and automobile seats. *Leather Polish* is non-toxic and contains low VOCs. It is easy to use and will dry quickly.

Directions

Using a soft lint-free cloth, apply an even coating of *Leather Polish* to the surface of the leather. Allow to air dry and then buff with a soft, clean cloth. For a brighter shine, a second coat can be applied. Test a small area first to see the result prior to treating the entire article. Do not use on Suede or Nubuck items.

Note: The *Leather Polish* will look milky white until it has dried. Allow the *Leather Polish* to dry a full 24 - 48 hours prior to using your leather outside.

Coverage

An 8 ounce size bottle of *Leather Polish* will treat approximately 2 – 3 full size (3 cushion) leather sofas or 3 - 4 antique western saddles.

DISCLAIMER: Being that leather is a natural material and is susceptible to varying degrees of deterioration, experience of the user and may be applied under conditions beyond our control, as seller, we make no warranty expressed or implied as to this material or its use. All information stated herein is accurate to the best of our knowledge and is based on thorough testing.

Keep out of the reach of children.
